TSW SAUVIGNON BLANC 2019

Harvest started in the middle of February and continued for two weeks between the Helderberg and Bottelary hills. The Walker Bay and Elim grapes were harvested in the third week of February. The different Sauvignon Blanc and Semillon parcels were fermented separately after which they were left on the lees for a few months before meticulous blending took place. Bottling took place in June 2019.

TASTING NOTES

Vibrant and fresh nose of crushed rocks, ripe pear and passionfruit. Quite energetic on the palate which builds and has more profundity than one may first realize. Walks the tightrope between bracing Elim and Walker Bay freshness and ripe Stellenbosch fruit brilliantly. Finishes on a dry, clean and very classy note.
