

The Vellas Vineyards, a family story that began 4 generations ago in the heart of the Languedoc appellations.

The main family property, **the Mas du Pont Estate**, the center of our activities, is a place of culture and traditions, around the vineyard, wine, gastronomy and the bulls. It is located in the towns of **Teyran** and **Crès**, near **Montpellier**, between Pic St Loup and the Mediterranean Sea. On the estate you can discover the vineyard, the tasting cellar, the Vellas Manade with the bulls of the Camargue, a theater, a gourmet restaurant, an equestrian center, gites and a large room for your events...

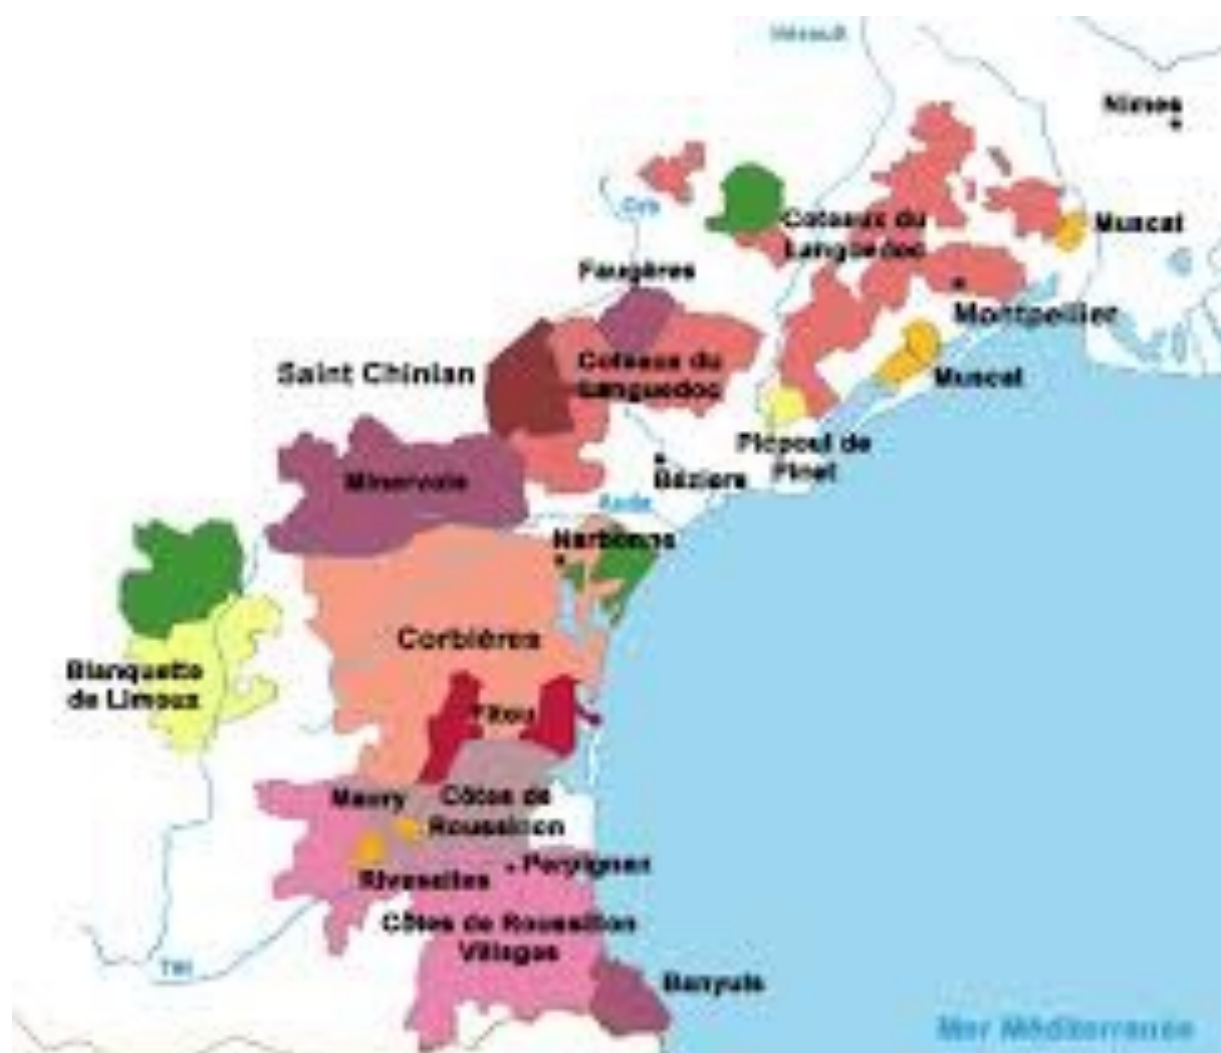

At all times, our family has maintained a fusional relationship between the agricultural trades – with over 1000 hectares of cereals, pasture and olive groves, a breeding of 500 bulls and horses from the Camargue – and the Vineyard – with A vineyard of 120 hectares.

Respect for our land and the environment is part of our way of life. **That's why the majority of our vineyards are organic.**

Vellas vineyards, represent 60 vineyards and more than 300 products.
