

Fina Vini is a young winery that expresses the unique characteristics of the Sicilian terroir.

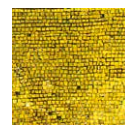

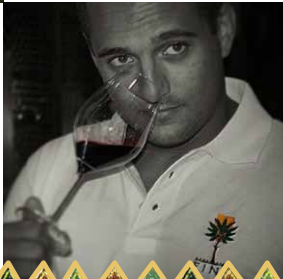

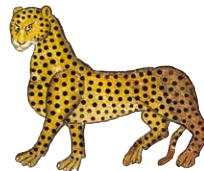

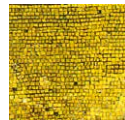

Our territory is sunny and caressed by the winds, the sea gives sapidity to our land, and what is born from this has a charming taste and a strong character.

Here, where multi-cultural dominations have met and merged over the centuries, in an Arab-Sicilian baglio, Fina family produces wines that taste of passion. The grapes, fruits of this blessed land, are skillfully elevated to wine, thanks to the professionalism of Fina family who, with love and dedication, takes care of the vineyards.

With the aim to get the best from the surrounding area, Fina family has created an efficient and modern winery, transferring all their passion to the rational organization of spaces and processes, in order to obtain the optimal performance of the processing of the grapes, in the maximum respect of the integrity of the fruit. We will be happy to welcome you at our winery. It will be a nice chance for you to appreciate the emotions we feel for our work, you will be enchanted by the beauty of our territory and our vineyards, and you will enjoy the unique characteristics of our wines.
